01 Abstract

Little Meme. Big Dream. Welcome to SPITZ...

SPITZ INU was created in April 2021 with the goal of being a decentralized meme project with true purpose.

SPITZ` s mission is to bring popular cryptocurrency concepts to the mainstream. Unlike older, comparable projects, SPITZ introduces holders to next-gen concepts such as participation rewards, NFTs, decentralized exchanges, and more.

Within the first month of its launch, SPITZ made history by surpassing a \$2 billion market cap and over 100,000 holders. This was an unprecedented milestone for a project of its kind, and proved the world's belief in the project.

The SPITZ INU project includes...

\$SPITZ TOKEN

An ERC20 meme token that fosters and promotes healthy and widespread usage and decentralization of the project through a specific reward linked to users' transactions involving decentralized wallets.

SPITZ SWAP

Decentralized exchange that features custom functionality and allows holders to trade among themselves and without any centralized point of failure any ERC20 token for another.

SPITZ CRATE
